

15TH EDITION

BLACKWELL'S FIVE-MINUTE VETERINARY CONSULT: EQUINE, 2ND EDITION

2E • New Edition • 9780813814872 • January 2009
• HB Lavoie and Kenneth Hinchcliff (Australian)

AUD \$245.00 / NZD \$275.00

This Second Edition is a concise, comprehensive resource for all topics related to equine medicine. Now fully revised and updated, this authoritative quick reference provides thorough coverage of practical information, arranged alphabetically for efficient searching. Bringing together the expert knowledge of 175 contributors, the popular Five-Minute Veterinary Consult format allows rapid

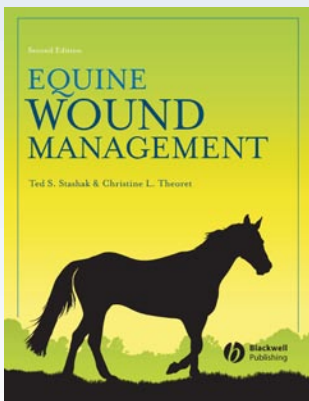

access to complete coverage of nearly 500 diseases and conditions seen in the horse.

PDA Version ISBN: 9780813817699 • AUD \$245.00 / NZ \$275.00

EQUINE WOUND MANAGEMENT

2E • New Edition • 9780813812236 • December 2008
• HB Ted Stashak

AUD \$325.00 / NZ\$365.00

Equine Wound Management is the gold standard reference on this important topic for veterinary surgeons, veterinary dermatologists, and equine and large animal veterinarians.

Now highly illustrated with full colour photographs throughout, this long-awaited new edition has been significantly expanded to include new developments and techniques in wound

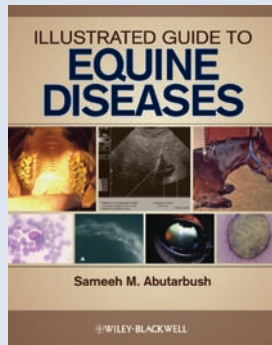

healing. Also new are four chapters covering topical wound treatments, management of severely infected or complicated wounds, management of burn injuries, and practical use of lasers in wound healing.

ILLUSTRATED GUIDE TO EQUINE DISEASES

• 9780813810713 • July 2009 • HB Sameeh M. Abutarbush
AUD \$205.00 / NZD \$230.00

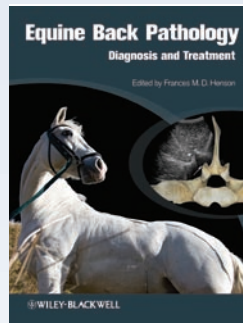

Covering an extensive range of diseases affecting the horse, this book includes over 1000 full colour photographs of clinical signs and postmortem lesions, as well as ultrasound images and radiographs. Extended legends provide valuable descriptions of clinical appearance and relevant diagnostic information across all systems. This guide serves as a beneficial clinical learning and illustrative tool for students,

practitioners and academic veterinarians, as well as equine technicians and nurses, breeders, and trainers.

EQUINE BACK PATHOLOGY: DIAGNOSIS AND TREATMENT

• 9781405154925 • April 2009 • HB Frances Henson

AUD \$180.00 / NZD \$200.00

An invaluable reference dedicated to the equine back, this new resource provides comprehensive coverage by international specialists. This is the first book to explore

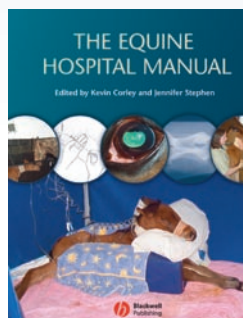

conditions and problems of the horse's back and pelvis, which are often difficult to diagnose and treat. There has been considerable progress in understanding equine back problems, and this book brings together the most recent research. This text is a vital tool

for those engaged in improving the diagnosis and management of all horses with back problems.

THE EQUINE HOSPITAL MANUAL

9781405130165 • June 2008 • HB K. Corley and J. Stephen

AUD \$180.00 / NZD \$200.00

This must-have resource draws together all aspects of hospital care of the horse and specialist techniques in equine medicine. Written by a team of over 30 international experts working at the cutting edge of equine medicine and surgery. The emphasis is on practical, easy-to-access information, with a sound basis in evidence based medicine and full references for further enquiry. The Equine Hospital Manual covers the

range of procedures used on hospitalised adult horses and foals from the simple to the advanced. The book is liberally illustrated with photographs and line drawings.
